Prefects:

CHANTLER, H.	CHEERS, F.	GREENHALGH, G. F. E.
HAZLITT, A. B.	HEAP, R.	HUNTER, S.
ORRELL, R.		SAXON, R.

Deputy Prefects:

CALROW, P. J.	CATTERALL, N.	HOLT, T. A.
PORTER, S. J.	RIGBY, G. W.	WARD, J. S.
	WALTON, D.	

BURY GRAMMAR SCHOOL.

(Represented on Head Masters' Conference.)

Boys of not less than 9 years of age are admitted after an Examination by the Head Master at the beginning of each Term. A Form of Application may be had at the School. A certificate is required, signed by the parent, showing that the boy has not been exposed to any risk of infection during the three weeks immediately preceding entrance to the School. The Fees are £7 7s. per term; under 11 years of age £5 5s. od.

These fees include School Games, Chemical and Physical Apparatus, Materials for Art Work and the Workshop, and all Stationery and Note Books: but not Printed Books or the School Cap.

All fees must be paid in advance.

Under the terms of the "Barlow" bequest a reduction is made in the fees of boys whose parents reside in the County Borough of Bury.

A term's notice must be given in writing to the Head Master, or a term's fee must be paid in lieu of notice.

The Hours of Attendance are from 8-50 a.m. to 12-10 p.m., and from 2 p.m. to 4-15 p.m., on every day except Wednesday and Saturday, when there is no afternoon school: boys however are required to take part in organised games on Wednesday: only medical reasons can be accepted as an excuse.

O.T.C.—CAMP 1936.

Two Officers and nineteen Cadets attended their annual O.T.C. Camp, this year at Strensall, York. An advance party of one officer and three cadets went on the day previous to the arrival of the main contingents. The main party arrived at Strensall with baggage at about 3 p.m. on August 29th. The weather seemed none too certain as the Bury contingent, together with half a dozen larger ones, marched the mile and a half from Strensall Station to the camp.

Infectious diseases had brought the numbers at camp down to barely two-thirds and the Brigade consisted of three Battalions instead of four.

The first three days were spent in becoming acclimatised and in and in platoon engagements. On Saturday afternoon a visit to York was arranged and a fair number of the contingent spent the time on the river or viewing the walls and other objects of historic interest. On the Sunday, being wet in the morning, the usual Church parade was held in the recreation tent. The contingents were afterwards inspected by Sir Alexander Wardrop, G.O.C. in C., N. Command, and the Chief of the Imperial General Staff, Field Marshal Sir C. Deverell.

On Monday morning there was a fire power demonstration—always a popular entertainment at camp. One of the new Bren Guns was on view. There was a R. A. Battery in action also, and a Tank demonstration.

On the Tuesday, there was a R.A.F. demonstration in which the planes swooped down on us to within a few yards of our heads while our job was to fire back and repel them. The whole was an exercise to accustom us to attack by air.

There was boxing and a sing-song every night and a band playing earlier in the evening and, while in some respects the weather was not all that it should have been, everybody enjoyed the eight days under canvas, and came away feeling that a great deal had been learned.

It might be as well to repeat here the rule that attendance at camp is a necessary condition for any promotion of a boy in the Corps.

As there were not duties enough for two officers with one contingent, 2nd Lieut. J. L. Bagshawe attended a promotion course which he duly passed.

ANNUAL ATHLETIC SPORTS—1936.

 THE SCHOOL CAMP—COLWYN BAY.

Two Camps were held during the year. One week at Whitsuntide and nearly three weeks in August.

The Whitsun camp was one of the coldest and wettest we have ever experienced, but when the sun shone on the last two days, we were prepared to forget all about the discomfort of the beginning.

Hiking over the hills to vantage points was much enjoyed, but Colwyn Bay lost some of glamour with the lack of its early visitors during this period of cold and wet.

Treasure hunts in the woods, and games on the sands were the pastimes, but bathing could not find a place in our activities.

Although the weather of the Summer months came in for a great deal of criticism, our August camp of nearly three weeks boasted all fine weather with the exception of two wet days.

Boys who tried camp for the first time, were impressed with the lovely surroundings, but soon fell to the long, long trail so ably blazed by old timers, and were delighted to be introduced to "Ma Williams's" who supplies anything from lollipops to ice cream.

Bathing was very popular, and three of the boys entered the open swimming sports held at the Rhos Swimming Pool. Had they not thought that the shortest way between two points was a jolly good curve, they might have beaten all comers,

Deck Tennis or Ring Tennis, was the most popular game of the camp, and much excitement prevailed during the three tournaments which were held.

Colwyn Bay has been the home of our camps for over nine years, but owing to the farmer requiring the land, and the encroachment of the inevitable builder, we have decided to make a change next year. It is thought that Ramsey I.O.M. will provide us with the Whitsun camp, and if found suitable the Summer camp will also be held there.

About 50 different boys took advantage of the two camps.

THE DUKE OF YORK'S CAMP, 1936.

After a long journey, apparently made shorter by the thought of our destination, our school contingent, both of us, arrived in London—half-an-hour late. This necessitated a hurried dash in a taxi across London to the "Royal Mews" where we were divided up into various sections under given letters. Before proceeding further we were taken through the royal stables, the groomsmen acting as our guides, after which we set off across London under the supervision of our group leaders, to Liverpool Street Station, where we boarded a train, which anyone would have taken for a tin of sardines, when the four hundred had packed into it, and so set off for Halesworth, which is the nearest station to Southwold, where the Camp is held.

On arriving at Halesworth we took our final connection for Southwold, which was, for a change, a bus, and as Halesworth Corporation *had not sufficient of these, one half of the party had to remain behind* until the buses could convey the other half to camp and return for them.

Once in camp our first thought was supper, and after having been satisfied in this direction, our next urgent desire was for a bed. This was supplied after a short entertainment in the form of films. Every night we found our beds very welcome, and we were even supplied with hot water bottles at night, but most of the camp didn't seem to like this idea, since they took the form of an earwig or two.

Sunday brought with it rather wet weather, but this did not disturb camp life much, since we were practically left to our own devices after Camp Prayers, and the rest of the day was passed in discussing the rules of the tournaments which were to follow during the remainder of the week.

Monday morning saw the beginning of these tournaments, the chief of which was a game nick-named "Foot and Mouth," which was so rough that the question was asked in Camp, "was the inventor of Foot and Mouth a shirtmaker." There were many other minor games such as tug-of-war, hurdle racing, and putting-the-shot. The afternoons and the periods between tea and supper were free, but were more often than not spent in challenge matches between sections.

After supper the whole camp made a dash for the entertainment marquee, the entertainments consisting of turns given by campers, and films.

The Rev. R. Hyde rehearsed and introduced the turns and consequently became one of the best known figures in camp by the end of the week. This was the daily routine of camp for the remainder of the week.

On Tuesday afternoon our royal host, the Duke of York, visited us and stayed overnight until Wednesday afternoon. His Royal Highness followed the general routine of the camp, bathing with us and taking great interest in the games, and on leaving camp he said how thoroughly he had enjoyed his brief stay.

Friday night, being the last night in camp, was a special one. After an extra long entertainment which lasted until about 11-30 p.m., the camp marched out to Southwold Common, where a huge camp-fire was lit, and the whole camp joined hands and sang "Auld Lang Syne." Then the night was ended by a strenuous pillow fight, after which many had to spend the night without pillows.

Early on Saturday morning we all departed for London, where we finally dispersed, leaving, I am sure, happy memories to 400 boys and their leaders, of their week's stay at this magnificent camp.

H. CHANTLER.
